PROFESSIONAL INDEMNITY & DIRECTORS & OFFICERS

Comprehensive protection for your professional services and leadership while safeguarding your business output and the people who run it.

Professional Indemnity

PI covers claims arising from professional advice, service errors, omissions, or negligence. It is essential for contract compliance and protecting the firm's solvency against client disputes over work quality. Most clients will require proof of PI before signing a service agreement.

Directors & Officers

D&O covers claims tied to management decisions, governance failures, and alleged wrongful acts in running the organisation. It protects the personal assets of directors and officers, supports confident decision-making, and is vital for attracting high-level talent to your board

What's Covered

1. **Errors & Omissions Cover**
   Protection against claims covering defence costs, settlements, and judgments.
2. **Management Liability**
   Defence against allegations of breach of fiduciary duty, regulatory non compliance, or misleading statements by leadership.
3. **Defence Costs & Settlements**
   Comprehensive cover for legal defence costs, settlements, and judgments across both PI and D&O claims.
4. **Consultant & Entity Protection**
   PI covers the agency entity and individual consultants performing the work. D&O covers directors, partners, and senior officers making management decisions.
5. **Contract Compliance**
   Meet client contractual requirements with proof of PI cover. Keeps the firm solvent if a major client dispute arises.
6. **Global Regulatory Cover**
   Navigate regulatory claims and governance challenges across multiple jurisdictions with one integrated programme.

Who This Is For

- Consultancy & Advisory Firms
- Professional Services Businesses
- Firms with Board or Partnership Structures
- Businesses Expanding Internationally

COMBINED PROTECTION

PI is your Service Insurance.
D&O is your Management Insurance.

Most consultancy firms need both to ensure they are fully protected against project-related and governance-related claims alike.

Important Considerations: Both Professional Indemnity and Directors & Officers cover are essential for comprehensive business protection. Cover requirements, limits, and policy terms vary by jurisdiction, business type, and contractual obligation.
